

A close-up photograph of a person wearing a blue long-sleeved shirt and white protective gloves. They are holding a small, dark-colored pot containing a young green plant with a single stem and two leaves. The background is blurred, showing what appears to be an indoor agricultural or laboratory setting with some lights.

Tenac Sticker

Tenac sticker serves to dissolve the pesticide spray solution on the surface of leaves or plant parts.

Tenac Sticker product application

1. Improve the performance of pesticides on plants that have hairy leaves
2. Improve the performance of pesticides and leaf fertilizers when it will rain
3. Improve the performance of pesticides and leaf fertilizers when hot
